

## COURSES OF 2021

March 26<sup>th</sup> to May 11<sup>th</sup>

### Python Crash Course

Online training for the preparation of successful online meetings & presentations

**Over 70 participants**

April 15<sup>th</sup> and April 29<sup>th</sup>

### Competent Leadership in Online & Hybrid Meetings

Online training for the preparation of successful online meetings & presentations exclusively for women

**30 participants**

*"I participated in the course "Competent Leadership in Online and Hybrid Meetings" to learn more about the different tools and techniques available. My fellow participants and me learned about dos and don'ts, general guidelines for meeting preparation, the different roles in meetings and most importantly, how to keep your audience invested during and online event. Overall, I had a lot of fun during the course and learned about new tools which will make my future meetings more interactive and engaging."*

• Viola Hobiger, PhD student

Oct. 6<sup>th</sup> and Dec. 15<sup>th</sup>

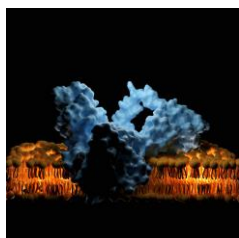

### Fit for Career?

On-site training addressed to all female chemists (Master, PhD, and PostDoc level), covering:

- detailed personality questionnaires,
- professional training and
- input and practical exercises

**40 participants**

Dec. 2<sup>nd</sup> and Dec. 3<sup>rd</sup>
